FIFA 20 was also the first football title to use Motion Ready Allstars in the main gameplay engine. All of the hyper-realistic “Human Jigsaw” AI players are rendered in real-time alongside the players, to make the action look as realistic as possible. “The development team has been working closely with the World Cup during production, introducing player likeness, animations, and ball physics as unique features of FIFA 20. “The HyperMotion Technology used in FIFA 20 was developed alongside the introduction of other ‘new’ features, such as Ultra Stance, Ballistic Shots, and Path Ball. “As the team work together in FIFA 20, we will also be looking at how we can apply it to the FIFA World Cup competitions, looking at how we can bring an extra layer of realism to the competition by capturing the full performance of the players in motion,” said John Chen, Executive Vice President, EA SPORTS. “We look forward to sharing this with FIFA fans worldwide in a few weeks time.” FIFA 20 delivers new game modes, features, and content including the Journey to Russia feature with early-access points in each of the FIFA World Cups hosted by Brazil, France, Germany, Spain, Portugal, and Russia. Journey to Russia is a global competition featuring 11 world-class FIFA World Cup stadiums, where aspiring global soccer stars can compete for FIFA Ultimate Team football cards. New content elements in FIFA 20 will be released throughout the four-week journey as a reward for some players. FIFA 20 will be playable in all core FIFA franchises, including FIFA 18, FIFA 18 Global Stars, FIFA Ultimate Team, and Club Soccer. FIFA Ultimate Team in FIFA 20 will include the exclusive FIFA Ultimate Team 20 content packs, which include the 20th anniversary content packs, new player cards, and new gameplay features. FIFA 20 also features FIFA Ultimate Team Crossover Matches for a new take on the classic multiplayer mode. These Ultimate Team Crossover Matches are designed to test the ultimate tactical skills of players. Customisation options across all platforms and territories will be available. Elsewhere in FIFA 20, goals will be bigger, bolder and better than ever before. New goal celebrations will also be easier to pull off, with a new animation system and variable acrobatic moves. New ‘Bouncing Power’ will allow players to strike the
